

# FINEDEX® 098-10 PVC SOFT

## Characteristics

Blue PVC glove.  
Flocked interior.  
Diamond-patterned finish.  
Thickness 0.4/0.6 mm.  
Length 33cm.

## Advantages

### COMFORT

Made from high quality PVC, outstanding flexibility and dexterity are ensured.

The cotton flocked interior provides the user with greater comfort. Its diamond finish is tailored to grasping dry and damp objects.

### RESISTANCE

Its PVC composition has been tailored for multi-purpose and repetitive handling in an oily atmosphere.

Low resistance to ketones, aromatic and halogen hydrocarbons.

### SAFETY

The cuff helps to protect a large part of the forearm.
