

GENERAL DATA

Division : Body Protection
Family : Protective Gloves
Range : Cut and Puncture Protection
Line : Cut resistant
Brand formerly known as : PERFECT FIT
Business Countries
EMEA
United Kingdom
Middle East
Activity Domains :
Aviation • Building and Construction • Catering • Energy or Electricity • Glass Industries • Logistics • Maintenance • Metal steel • Paper Industries • Services • Telecoms • Transportation • Utilities • Automotive and Part Manufacturer

Product Use :

For work requiring good dexterity in a dry, oily or greasy environment. For light handling, parts assembly.

PRODUCT ADVANTAGES

Feature :

Dyneema® knitted glove mottled with black polyamide yarn. **Nitrile coating on palm and fingers tips.**

Benefit :

Comfort The knitting technique helps to obtain a glove that conforms snugly to the hand, with good dexterity. The glove offers maximum comfort and added sturdiness. The cool Dyneema touch gives an added sensation of comfort. The ventilated back and foamy shape optimise the glove's breathability.

Resistance The Dyneema/lycra thread provides outstanding properties against cuts. The nitrile coating at the palm and fingertips provides outstanding abrasion resistance as well as good resistance against oils. Caution! Do not expose this glove to the heat.

Safety Its grey marl colour and black coating make this glove more soilproof, thus ensuring a longer last.

TECHNICAL DESCRIPTION

Description :

Dyneema black polyamide knitted glove. Nitrile coating on palm and fingers tips

Product Technology :

Knitted Coated

Length :

230 mm

Harmlessness :

Conform.

Dexterity :

Class 5

Size :

9 - 10 - 7 - 8

EN 388 - Mechanical hazards

Abrasion resistance : 4

Cutting resistance : 2

Tear resistance : 4

Perforation resistance : 3

ADDITIONAL INFORMATION

Care Instruction :

This article can be cleaned industrially. Please contact Sperian Protection.

User manual number :

060
