

Grip It[®] Wet

The Grip It[®] Wet is a highly versatile glove that utilises two layers of latex coating on a nylon liner to provide a water resistant surface that extends right through to the wrist. It offers ultimate gripping ability and protection and is soft and resilient allowing for excellent dexterity and great freedom of movement. The foamed latex palm coating has been engineered to increase resistance to liquids thus providing maximum grip in wet handling environments as well as dry. The contoured design and soft, comfortable liner offer unparalleled comfort and the glove is tapered at the wrist to provide a secure fit.

Typically used for:

- Construction Work
- Highways Maintenance
- Component Handling
- Drainage Works
- Local Authority Work
- Engineering Work
- Plumbing
- Railway Maintenance
- Scaffolding
